- Swab tested ✓

Infection control does not have to be complicated. It just needs proven, certified products that perform efficiently and safely. **PPE Defends** address these requirements through the application of technology and proven science with our Smartmister.

The Smartmister 3 models have been tested to exacting standards, having been tested and certificated in Aqualution's testing facility in Scotland. The atomiser dry mists with Salvesan hypochlorous sanitiser killing 99.9999% of all pathogens on contact.

Hypochlorous acid (HOCl) is a powerful weapon in the fight against Covid-19, all viruses, and Bacteria. It is **100 percent** safe for humans. Chemical free, **non-toxic**, and all-natural. Produced by the body in small amounts, it forms an important part of the body's natural immune system.

#### Certification Smartmister

- EU-directive 1999/45/EC
- EU 528/2012
- BSEN 1276, 13704, 13727, 12727
